

FREE Home Weatherization Program

How would you like to save money on your PG&E bill and make your home more energy efficient? Contra Costa County received Federal and State Stimulus money to provide **low and fixed income families** free energy improvements for their homes. **Renters and owners of a house, apartment, or mobile home** may be eligible. See the income guidelines below.

A qualified representative from the County will perform an onsite review to determine what energy saving measures are needed. Free upgrades may include repair or replacement of gas appliances, new refrigerator, new ceiling fan, attic insulation, water saving devices, programmable thermostats, minor home repairs, and more.

Please contact Contra Costa County at **(925) 335-2100** to find out if you are eligible or go to <http://www.co.contra-costa.ca.us/index.aspx?NID=282> for more information.

Income Guidelines for Eligibility

Total Number of Household Members	Total Monthly Gross Income	Total Yearly Gross Income
1	\$2,431.04	\$29,172.52
